

## § 691.65

## 34 CFR Ch. VI (7–1–14 Edition)

### § 691.65 Transfer student.

(a) If a student who receives a grant under this part at one institution subsequently enrolls at a second institution in the same award year, the student may receive a grant at the second institution only if—

(1)(i) The student submits a valid SAR to the second institution; or

(ii) The second institution obtains a valid ISIR; and

(2) The student is receiving a Federal Pell Grant in the same award year.

(b) The second institution shall calculate the student's award according to § 691.63.

(c) The second institution may pay a grant only for that portion of the year of the student's eligible program in which a student is enrolled at that institution. The grant amount must be adjusted, if necessary, to ensure that the grant does not exceed the student's ACG or National SMART Grant Scheduled Award for the student's year at the second institution.

(d) If a student transfers between award years and the student's ACG or National SMART Grant Scheduled Award at the second institution differs from the ACG or National SMART Grant Scheduled Award at the first institution for that year of the student's eligible program, the grant amount at the second institution is calculated as follows—

(1) The amount received at the first institution is compared to the ACG or National SMART Grant Scheduled Award at the first institution to determine the percentage of the ACG or National SMART Grant Scheduled Award that the student has received.

(2) That percentage is subtracted from 100 percent.

(3) The remaining percentage is the percentage of the ACG or National SMART Grant Scheduled Award at the second institution to which the student is entitled.

(e) The student's ACG or National SMART Grant payment for each payment period is calculated according to the procedures in § 691.63 unless the remaining percentage of the ACG or National SMART Grant Scheduled Award at the second institution, referred to in paragraph (d)(3) of this section, is less than the amount the student would normally receive for that payment period. In that case, the student's payment is equal to that remaining percentage.

(f) A transfer student shall repay any amount received that exceeds his or her ACG or National SMART Grant Scheduled Award for a year in accordance with § 691.79.

### § 691.66 Correspondence study.

(a) An institution calculates the ACG or National SMART Grant for a payment period for a student in a program of study offered by correspondence courses without terms, but not including any residential component, by—

(1) Determining that the student is attending at least half-time;

(2) Determining the student's half-time annual award determined under § 691.62; and

(3) Multiplying the student's half-time annual award by the lesser of—

or

The number of weeks of instructional time in the payment period  
 The number of weeks of instructional time in the program's academic year

(b) For purposes of paragraph (a) of this section—

(1) The institution must make the first payment to a student for an academic year, as calculated under paragraph (a) of this section, after the student submits 25 percent of the lessons or otherwise completes 25 percent of the work scheduled for the program or the academic year, whichever occurs last; and

(2) The institution must make the second payment to a student for an academic year, as calculated under paragraph (a) of this section, after the student submits 75 percent of the lessons or otherwise completes 75 percent of the work scheduled for the program or the academic year, whichever occurs last.

(c) In a program of correspondence study offered by correspondence courses using terms but not including any residential component—

(1) The institution must prepare a written schedule for submission of lessons that reflects a workload of at least 30 hours of preparation per semester hour or 20 hours of preparation per quarter hour during the term;

(2)(i) If the student is enrolled in at least 6 credit hours that commence and are completed in that term, the student's half-time annual award determined under § 691.62 is used to calculate the payment for the payment period; or

(ii) If the student is enrolled in less than 6 credit hours that commence and are completed in that term, the student is not eligible for an ACG and National SMART Grant;

(3) A payment for a payment period is calculated using the formula in § 691.63(d) except that paragraphs (c)(1) and (c)(2) of this section are used in lieu of § 691.63(d)(1) and (2), respectively; and

(4) The institution must make the payment to a student for a payment period after that student completes 50 percent of the lessons or otherwise completes 50 percent of the work sched-

uled for the term, whichever occurs last.

(d) Payments for periods of residential training must be calculated under § 691.63(d) if the residential training is offered using terms and credit hours or § 691.63(e) if the residential training is offered using credit hours without terms.
